|---|---|--|--|
| Quartz One Start Ignition on all burners | Fully seam welded vitreous enamel fire box | Front access, full width drip tray | Individual zinc cast iron control dials with clear heat level graphics |

BENEFITS

DURABLE, FLEXIBLE & EFFICIENT

With cast iron burners and stainless-steel vaporisers, you have one of the most durable, flexible and efficient cooking systems available. Cast iron heats quickly, maintains consistency and lasts a very long time. With 15MJ of power in each burner, you can always turn the power down, giving you the choice in what you cook and how you cook it. And the stainless-steel vaporisers efficiently disperse the flames across the grill & plate surfaces whilst reducing those flare ups

SPACIOUS & DURABLE CAST IRON COOKTOP

Cook up a feast for many for years to come on our spacious & durable cooktop. Made from cast iron, the cooking surface doesn't chip & rust resistant, whilst heating quickly and evenly, holding its warmth for the best cooking experience

THE PERFECT VIEW

Keep an eye on whats cooking without lifting the lid. Maintain heat using the built in temperature gauge or peer through the full width glass viewing window to check how those sausages or brisket are doing.

KEEP IT COOKING OR KEEP IT WARM

The chrome wire elevated cooking rack keeps food warm or use it as a 2nd elevated cooking area

READY, START, COOK

Start cooking quickly and easily with the quartz one start. This first time, every time, easy start ignition system makes sparking up the BBQ a breeze.

CLEAN UP WITH EASE

Designed for an easy clean-up, the hotplate has raised sides preventing grease & oil overspilling, drawing it instead to the plate opening & into the front access catchment tray.

CONTROL THE COOKING

A control dial for each burner, allowing you to be in charge of the heat. Turn the hotplate burners up for searing, & the grill burners down for that slow cook.

Specifications

PRODUCT PROFILE

| Type of BBQ | Built in |
|---|---------------------------------|
| Finish | stainless steel |
| Stainless steel grade | 304 grade |
| BBQ Frame Finish (BBQ Burner Box Finish) | Fully Welded Stainless Steel |
