

## Model RBA1631-512

### Materials & Features

Manufactured from heavy duty brass with all exposed surfaces in PVD Brushed Brass. oken is a suite of attractive commercial grade accessories with radiused corners and edges to increase comfort and minimise catch. PVD coating is a premium coating process in which a solid material is vaporised and slowly layered onto a fixture. This results in a durable, versatile finish that's more environmentally friendly than traditional coating methods. Find out more at [rba.com.au/pvd](http://rba.com.au/pvd).

**Important:** Installation instructions and current rough-in details should be furnished with each fixture. Do not rough in without certified dimensions. Dimensions are subject to manufacturer's tolerance of +/-10mm. Due to the semi-reflective nature of PVD, colours may appear differently depending on surface shape and lighting conditions. RBA recommends viewing fixtures under the same lighting conditions where they are to be installed.
