

Model RBA1882-100-008 Incl Indication Rings, No Plate

Materials & Features

Electronic #316 Stainless Steel piezo touch activated mains pressure dual flush valve suitable for WELS 6/3L and 4.5/3L WC applications. Supplied complete with integrated isolating ball valve and strainer, electronic flush valve, piezo buttons and vacuum breaker. Watermark certified for direct connection to the drinking water supply. A range of standard and custom stainless steel face plates are available to suit commercial installations.

Electrical Detail

Temperature Range:	5° C - 55° C
Solenoid Cable:	2M x 32/0.20ELCF2810 1.00mm2
Transformer:	240VAC/24VAC, 2 AMP incl. 2M cable
Controller:	85mm [W] x 65mm [H] x 33mm [D] Mains
Power Supply:	By Others

Hydraulic Detail

Inlet Connection:	DN 25mm min.
Outlet Connection:	DN 40 to suit DWV
Water Supply Pressure:	300kPa min – 500kPa max.
Flush Pipe:	DN40 (Supplied by others)
Flush Volume:	WELS 3 Star 6/3L or 4 Star 4.5/3L
Electrical:	24V AC
Flow Rate:	Nominal 1.4 LPS

Available Models RBA1882-100-008

Dual Flush Valve Incl Indicator Rings, No Plate, Tile Fixed

Installation

All water services supplying the valve shall be hydraulically calculated in accordance with the Plumbing Code of Australia and AS/NZS3500. Recommendation that only 1 x 90° bend be used. 2 x 45° bends may be installed in lieu of the 90° bend. Unless otherwise specified, the flush valve shall be pre-set to deliver WELS 3 Star 6/3L. It is recommended that a distance of 700mm +/- 100mm between the outlet of the vacuum breaker and the centre line of the flush pipe connected to the WC pan inlet be maintained for optimum performance. (Min. distance is 450mm as per AS/NZS3500) 240v Mains Supply for the connection of 24V AC Transformer for each flush valve. **Valve intended for vertical installation only**

Important: Installation instructions and current rough-in details should be furnished with each fixture. Do not rough in without certified dimensions. Dimensions are subject to manufacturer's tolerance of +/-10mm.

As improvements in the design and performance of RBA products are continuous, specifications may be subject to change without notice.
