

Model RBA4901-721

Materials & Features

Modular stainless steel shower T-rail to meet the requirements of AS1428.1 when installed correctly. Steri+Shield™ is a protective sanitary seal system that prevents the buildup of bacteria and grime. Independent laboratory testing has shown Steri+Shield™ to be up to 99% effective at reducing the microbial growth of common washroom microbes E.Coli and S.Aureus within 24 hours.

Installation

Warning: Grab rails are no stronger than the anchors or walls to which they are attached and must be firmly secured in order to support the loads for which they are intended. Refer to local codes and Installation Instructions for location of fixing points, method of attachment, etc.

Important: Installation instructions and current rough-in details should be furnished with each fixture. Do not rough in without certified dimensions. Dimensions are subject to manufacturer's tolerance of +/-10mm. **For best results,** unit should be inspected and cleaned regularly as per the instructions in the RBA Product Warranty, Cleaning Care Guide, available on our websites.

As improvements in the design and performance of RBA products are continuous, specifications may be subject to change without notice.
