

## Models RBA4901-731 & RBA4901-732

### Materials & Features

Modular stainless steel shower rail kit complete with handset, slider and 1.5m hose with wall connection [includes backflow prevention]. Steri+Shield™ is a protective sanitary seal system that prevents the buildup of bacteria and grime. Independent laboratory testing has shown Steri+Shield™ to be up to 99% effective at reducing the microbial growth of common washroom microbes E.Coli and S.Aureus within 24 hours.

### Installation

Warning: Grab rails are no stronger than the anchors or walls to which they are attached and must be firmly secured in order to support the loads for which they are intended. Refer to local codes and Installation Instructions for location of fixing points, method of attachment, etc.

**Important:** Installation instructions and current rough-in details should be furnished with each fixture. Do not rough in without certified dimensions. Dimensions are subject to manufacturer's tolerance of +/-10mm.

As improvements in the design and performance of RBA products are continuous, specifications may be subject to change without notice.
