

425L bottom freezer refrigerator, dark stainless steel

Product Details

FEATURES

Flat Door Design	Pocket Handles	Full-width humidity controlled crisper bin	Adjustable Spillsafe™ glass shelves Catch spills and clean with ease
FamilySafe™ lockable compartment	Fingerprint Resistant Real Stainless Steel	LED lighting	Blue feature lighting
Multi-flow air delivery system	More environmentally friendly refrigerant (R600a)	Frost free	Internal electronic controls
Quick chill function	Temperature sensor	Service mode with diagnostics feature	Door alarm
Egg tray	Rear rollers	Adjustable front rollers	Hidden hinges

BENEFITS

Understanding new capacity and energy ratings
From the 15th August 2021, the way refrigerators are tested to calculate Energy Star Ratings and energy consumption have changed. This means that the capacity and energy rating calculations have changed, however the product remains unchanged. Be sure to check all new ratings to ensure that your comparisons are consistent with the new standards.

FreshSeal Crispers
Our FreshSeal Crispers have advanced seals, and with humidity control you get better flexibility to look after your food the right way. Our seals assist in preventing moisture loss, while the humidity control lets you provide a better environment for fresher tasting food.

Stylish Design

Crafted with ultra-modern flat doors, elegant handle options and your choice of Dark or Natural Real Stainless Steel or white your fridge will be the centrepiece of your kitchen. (Options vary by model)

Energy Efficiency

Our range has been designed to be energy efficient*, reducing your electricity usage. (Energy ratings and running costs vary by model) *Designed to meet MEPS AS/NZS4474.

FlexStor Adjustable Door Bins

When life gets busy, flexibility is a life saver. That's why Westinghouse created the FlexStor system. The adjustable door bins allow for quick and easy adjustment whenever or however you need it. We make it easy to do more with your fridge.

SpillSafe™ Glass Shelves

Spills happen, but when they do, the world doesn't have to end. The Westinghouse SpillSafe™ glass shelves help with the mess by containing the spilt liquid to one shelf, so you have less to clean.

Easy-Glide Telescopic Runners

You don't know it yet but you'll love the easy glide telescopic runners in our freezers. They're easy to open and close and when fully extended provide superior access to your frozen foods. No matter how much food you have stored, they'll always run smoothly.

Specifications

PRODUCT PROFILE

Minimum Recommended Airspaces

If you have a cupboard above the refrigerator with a rear gap of less than 100mm (Y), recommended minimum clearance at the top of the refrigerator increases from 30mm to 70mm (X).

Please note: Doors are designed to sit proud of cabinetry (not flush).

Front face of bench aligned to front corner edge of cabinet.

When positioned in a corner area, clearance of at least 350mm on the hinge side will allow the doors to open enough to enable the removal of bins and shelves. This required clearance increases to 550mm for those models with telescopic extension slide-out bins.

Dimensions	Product Height (H)	Product Width (W)	Product Depth (D)	Product Depth (Door Open) (D2)
