

# Stirling

## Steel Bath

Nominal Sizes:

1675mm long x 770mm wide x 330mm deep – Code No. 857511

1525mm long x 770mm wide x 330mm deep – Code No. 857510

A distinctive porcelain enamel on steel bath for general applications featuring a flatter base and extra width with long lasting and environmentally friendly physical attributes. The non-porous surface is resistant to scratching, household chemicals and will not absorb dirt, stains or germs.

**Durability:** The shell is a seamless rigid steel pressing, a strong durable material that won't flex or bend so the shape is permanent with a non-porous, glass hard porcelain enamel finish which provides a hygienic, scratch and stain resistant surface.

**Waste Outlet:** Waste outlet is suitable for 40mm diameter standard waste assembly. Refer *Important Information for Plumbers*.

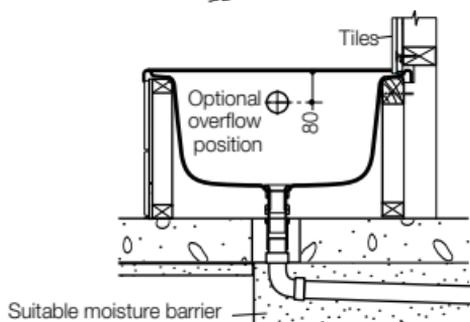

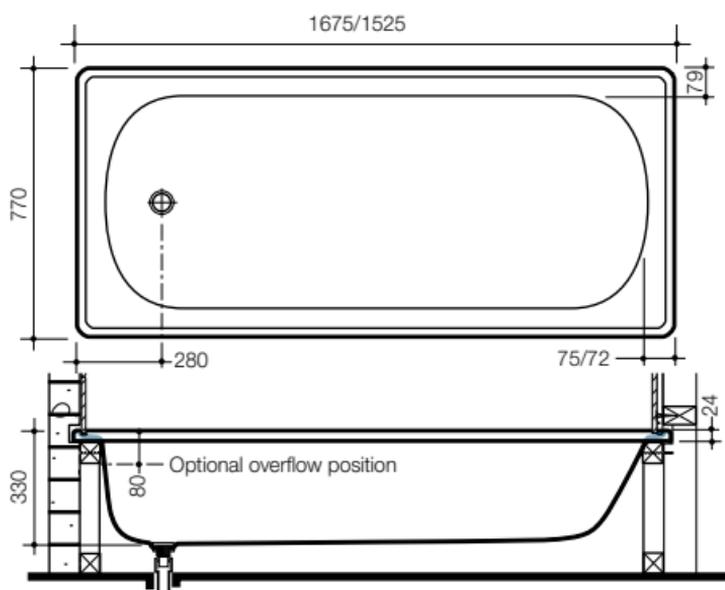

### Bath Capacity:

Stirling 1675 – 235 litres to rim, with overflow 185 litres.

Stirling 1525 – 200 litres to rim, with overflow 135 litres.

**Installation:** The bath is suitable for built-in installations. The bath to be supported around its rim. The support system may be timber, metal or brick. Not suitable for island installations. Refer *Important Information for Plumbers* section.

**Colour:** White only.

Under-rim support suitable for built-in installations. The Stirling bath is not suitable for island installations
