## INSTALLATION INSTRUCTIONS FOR BASSINI WALL HUNG TOILET PANS

Bassini wall-hung pans are designed for installation with Bassini concealed cisterns and mounting frames, with product codes **HARMONY12500 & HARMONY12550**.

Separate installation instructions come with the cistern. These installation instructions are for the wall-hung pans, with codes **HARMONY12501 & HARMONY12551**.

Before installation, a visual check of the suite should be undertaken. The pan, seat, pan fixings and trap connector come in one box and the cistern, valves and mounting frame are in separate boxes. Ensure that nothing is damaged or missing.

## 2. Mounting the pan.

1. Fully insert the flush pipe into the cistern outlet and fully insert the waste pipe into the waste outlet.

2. Draw lines as per the diagram.

3. Lubricate the rubber washers of the flush pipe and the waste pipe (using a water-based lubricant), then insert them into the pan.

4. Draw lines as per the diagram.

5. In this diagram, L1 is the distance between the two lines on the flush pipe and L2 is the distance between the two lines on the waste outlet pipe. Cut both pipes as per the diagram.

6. Chamfer the ends of the both pipes and deburr if necessary.

2. Mounting the pan continued.

7. Cut the protective sleeves sitting outside the wall. Apply lubricant to the joint surface of the flush pipe and the waste outlet pipe.

8. Adjust length of connecting bolt to be  $d+20\text{mm}$ .

9. Insert the trap connector into the waste outlet and the flush pipe into the ceramic pan.

10. Mounting the pan.

11. Screw the pan to the frame and the wall. Ensure the pan is level.

12. Apply sanitary grade silicone to the gap at the back and the sides of the pan.
