

60cm multifunction 9 black oven with SurroundCook, fast even cooking and programmable timer.

COMMERCIAL SALES EXCLUSIVE

RRP AUS \$1,699.00

Product Details

FEATURES

SurroundCook

SurroundCook distributes heat so that dishes are cooked evenly, no matter where they are placed.

Multi-level cooking

Multiple heating rings spread heat evenly, to make sure all your meals are cooked properly.

Oven functions

Variable functions allow you to adjust settings to the specific needs of the dish you are cooking.

Grill function

Finish your meals to perfection with the grill function.

Programmable timer

Keep things on time, with the precise and easy to use programmable timer.

Defrost setting

Defrost setting allows you to defrost foods gently so they retain flavour.

BENEFITS

EXPECT EVEN, EVERY TIME.

Unlike in standard ovens, SurroundCook uses advanced fan technology to ensure that every part of your dish gets exactly the heat it needs to be evenly cooked, no matter where is placed in the cavity.

FUSS FREE INTERFACE

Let the oven take care of timing. The user interface allows you to set the clock, cook time, cut off time and a minute minder so you can focus on the flavour.

ROAST. GRILL. BAKE.

Variable oven functions allow you to adjust the heating profile according to the specific needs of the dish you are cooking. Use the fan for succulent roasted meats, the grill charring vegetables, or conventional heating for delicate, fluffy bakes.

FULL OVEN, FULLY COOKED

This oven provides multiple heating rings, covering all levels with the necessary heat. Ensure all your dishes get an even cooking time, even when you have three fully loaded trays.

Specifications

PRODUCT PROFILE

Domestic warranty details (yrs)	5
Type of Oven	single oven
Oven fuel	electric
Materials/Colour	black
Controls of Oven	retractable control knobs
Cooling fan	Yes
