Compact

Vitreous China Wall Basin

Nominal Size 560mm x 230mm

1.09.1

Compact

A small hand basin designed for toilet areas where space is restricted. The minimal 230mm projection-from-wall dimension is of particular value where a larger basin cannot be installed.

Tap Holes: The basin is available in: One taphole right hand option Code No.635115.

Waste Outlet: The basin has been designed for the Caroma waste outlet suitable for a 40mm trap connection. Chrome flush fitting waste and white plug supplied. Alternative waste options are available — Plug & anti-vandal flush fitting chrome waste Code No.687141C; Plug & chrome grate waste Code No.687328C; Chrome pop-up plug and waste Code No.687329C.

Bowl Capacity: 2 litres to overflow.

Overflow: Overflow available only. Designed for maximum tap flow rate of 15 litres/minute.

Fixing: The Compact basin is fixed to wall with **D.200 Basin Fixing Kit** – Included. Bolts directly to the finished wall using a cammed plastic bush for fine basin level adjustment. Includes lag screws and wall plugs for both masonry and timber stud wall finishes.

Colours: White only.

Dimensions: All dimensions are in millimetres and are subject to normal manufacturing variations. Caroma pursues a policy of continuing improvement in design and performance of its products. The right is therefore reserved to vary specifications without notice.

**D.200 Basin Fixing Kit
included with basin**
